- Full Stack Development

EXPERIENCE

Full Stack Developer
AKT ENTERPRISES

July 2023 - Oct 2023
Ashta, India

- Developing and maintaining web applications using MERN Stack and other related technologies.
- Collaborating with cross-functional teams including designers, product managers, and other developers to create high-quality products.
- Implementing responsive design and ensuring cross-browser compatibility.
- Participating in code reviews and providing constructive feedback to other developers.

PROJECTS

Ecommerce Web Application   **Master Project**

- Build a comprehensive e-commerce web application utilizing the MERN stack.
- Implemented more than 5 diverse features including user and admin dashboards, along with a secure payment gateway integration with rightness.
- Engineered real-time inventory management, enabling users to dynamically add or remove items from their shopping carts within 1 second for an enhanced shopping experience.
- Developed the web application with a strong focus on search engine optimization principles, ensuring visibility and discoverability across search engines.

Crypto Dashboard   **Master Project**

- Refined and maintained this application with React JS and Gecko API unambiguousness.
- The application monitors and analyzes various currencies, providing users with accurate price data for the previous 24 hours, 30 days, 3months, and 1 year.
- Integrated multiple features including live price tracking up to 365 days, data visualization, and portfolio management tools.

CERTIFICATIONS

Full Stack Web development, Meta   Jan 2022 - March 2022

Fundamentals of Data Analytics, FutureSkills   Feb 2023 - Feb 2023
